Foreword

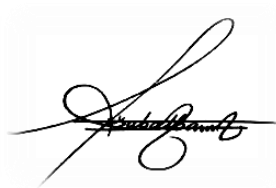

I am pleased to present the Budget Implementation Report for the third quarter of the Financial Year (FY) 2023/2024. The report fulfils the County's obligation under Section 166 of the Public Finance Management Act 2012 to prepare and publish quarterly budget implementation reports. The law specifies that these reports shall contain both financial and non-financial information.

This is the third report in FY 2023/2024 and presents information on budget performance by the departments in the period July 2023 to March 2024. Information on budget performance is presented on aggregate and on individual department performance. The report also includes performance trends, which present a useful trajectory of revenue and expenditure performance.

The report provides details about revenue, expenditure, and capital projects. Reporting is also done on key targets and indicators from the approved supplementary budget.

The budget implementation was slow but recorded an improved performance in the second quarter and third quarter and by the end of March 2024, expenditure on both the development and recurrent programmes represented 52% of the County's approved budget. There are several factors that were responsible for the slow implementation of the County programs mostly as a result of late budget approval, delay in approval of Fund Requests by Office of the Controller of Budget and IFMIS connectivity challenges. With the above challenge having been addressed, the budget implementation is expected to be smooth in the fourth quarter of the FY 2023/2024. I urge the departments to move with speed in putting up measures to hasten the implementation of programmes especially for the development projects.

I also urge all our stakeholders to actively scrutinize this report in order to take necessary action towards enhancement of transparency and accountability in the management of public resources as enshrined in the constitution and PFM Act, 2012. This will go a long way in providing feedback towards efficient and effective service delivery and attainment of the County Government's objectives.

Ibrahim Mohamed Adan

County Executive Member for Finance and Economic Planning

1.0 Introduction

This Budget Implementation Report is prepared in conformity with Article 228(6) of the Constitution of Kenya, 2010 and Section 39(8) of the Public Finance Management Act, 2012's requirement that counties report on the implementation progress of their budgets. It covers the period July 2023 to March 2024.

The report presents revenue and expenditure performance by the Mandera County Government. Revenue is disintegrated by source while expenditure is analyzed by economic classification. It also highlights the County government's activities for the period under review and seeks to objectively review budget implementation in the county by highlighting performance of revenues, transfers received from the National Government and actual expenditure. Key issues that affect budget implementation during the financial year are identified and appropriate recommendations made on how the issues can be addressed to enhance efficiency and effectiveness in budget execution.

Compiled by the Mandera County Treasury after consultation with all the County departments, the report presents the status of budget execution as at 31st March 2024 for internal consumption and performance appraisal purposes. It also offers valuable information to members of the public on budget implementation and the County Assembly, which is bestowed, with the oversight mandate on utilization of public funds.

1.1 Fiscal Outlook

The fiscal assumption underlying the FY 2023/2024 budget is that there would be improved revenue collection from local sources and timely release of funds by the National Treasury.

2.0 Financial Analysis of County Budget Implementation

The County had an approved budget of Kshs. 13,014,216,880 which comprised of Kshs. 7,970,529,324 (61%) for recurrent expenditure and Kshs. 5,043,687,556 (39%) allocation for development expenditure.

2.1 Budget Components

In order to finance the budget, the County expected to receive Kshs. 11,633,191,646 (89 percent) as the equitable share of revenue raised nationally, generate Kshs. 336,533,846 (3 percent) from own sources of revenue, receive Kshs. 519,461,460 (4 percent) from various conditional grants, and other revenue (ongoing projects) of Kshs. 525,029,928 (4 percent) from FY 2022/2023.

Figure 1: Expected Sources of Budget Financing in FY 2023/2024

Source: County Treasury, Mandera County Government

The major source of revenue for the County was national sharable revenue making up 89%. Other revenue from Financial Year 2022/2023 and Conditional grants each made up 4% of the budget while the County's annual local revenue was expected to finance only 3% of the budget.

Source: Department of Revenue Serices, Mandera County Government

From the above analysis, the highest County Own Source Revenue collection was realized in the month of February 2024 amounting to Kshs. 22,914,763 followed by the month of March 2024 in which Kshs. 19,033,779 was collected while the least collection was in the month of November 2023 amounting to Kshs. 4,704,141.

The following challenges were encountered in the local revenue collections:

- Insecurity due to terror attacks affected revenue collection activities as it led to closure of quarries and border closures with Somalia and Ethiopia
- Natural calamities. Drought affected collection of livestock and agricultural related revenues. El-Nino destroyed crop produce and farm infrastructure
- General tough economic conditions
- Understaffing and insufficient legislation to reinforce establishment and enforcement of new revenue streams

2.4 Exchequer Issues

The Controller of Budget approved withdrawal of Kshs. 6,747,251,154 from the County Revenue Fund (CRF) account, which was 58% of the approved allocations. This amount represented an increase from Kshs. 5,539,239,385 received in the FY 2022/2023 and was meant to fund both development and recurrent expenditures.

2.4 Conditional Grants

The County received Kshs. 500,000 as Conditional Grants in the reporting period.

An analysis of the table indicates that the County generated a total of Kshs. 110,120,481 from own revenue sources in the first nine months of the FY 2023/2024. This amount represented an increase of Kshs. 21,017,694 compared to Kshs. 89,102,787 realized in the first nine months of the FY 2022/2023.

3.0 Overall Expenditure Analysis

The overall Mandera County Government's expenditure for the period ending 31st March, 2024 amounted to Kshs. 7,374,375,795 out of which Kshs. 2,128,363,654 was for Operations & Maintenance and Kshs. 2,862,718,097 was for Personnel Emoluments. Transfers amounting to Kshs. 587,653,714 were made to the County entities. Expenditures amounting to Kshs. 1,795,640,330 were utilized on development programmes.

3.1 Expenditure by Economic Classification

Figure 2: Expenditure by Economic Classification

From the analysis of the above figure, expenditures on Personnel Emoluments had the highest utilization at 39% of the total expenditure incurred in the first nine months of the FY 2023/2024 while expenditures on operations and maintenance accounted for 29% of the total expenditure. Expenditure of 24% was incurred on development projects while Transfers to County Entities accounted for 8% of the total overall expenditure.

3.2 Budget and Budget Performance by County Departments

3.2.1 Budget estimates

The County Government's mandate as stipulated by the Constitution of Kenya is discharged by Departments through implementation of projects and programs. These projects and programs are

allocated funds through County Budgeting process. In the FY 2023/2024 the County Departments were funded in line with the ceilings captured in the 2023 County Fiscal Strategy Paper drawn to champion key priority programmes highlighted in the third Mandera County Integrated Development Plan (2023-2027).

Table 5 shows the breakdown of county's budget per ministry in FY 2023/2024.

3.2.2.1 Development expenditure performance by departments

In the FY 2023/2024, the County's gross development budget was Kshs. 5,043,687,556. An expenditure of Kshs. 1,795,640,330 representing 36% of the development vote was utilized during first nine months of the financial year. Only two ministries were able to incur expenditure above 50%. The Ministry of Social Development incurred the highest expenditure with an absorption rate of 63% followed by the Ministry of Lands and Housing at an absorption rate of 52%. The Ministry of Water, Environment and Natural Resources, and the Ministry of Health Services incurred an expenditure of 47% and 42% respectively. The worst performers were the Ministry of Trade and Cooperative Development, the Ministry of Agriculture, and the Ministry of Public Service Management which had an expenditure of 9%, 8%, and 4% respectively under the development vote.

The following factors were responsible for low absorption rate;

- Late budget approval
- Delays in approval of request for funds by office of controller of budget
- Late releases of the exchequer by the National Treasury
- IFMIS related challenges
- Late initiation of procurement process and hence late initiation of development projects
- Natural calamities e.g. persistent drought in the County followed by the heavy El-Nino
- General insecurity problems from Al-Shabaab terrorists

3.2.2.2 Recurrent expenditure performance by departments

In comparison to the development vote, the County performed well in the execution of the recurrent budget in the first nine months of the FY 2023/2024. The County had a total recurrent budget of Kshs. 7,970,529,324. An expenditure of Kshs. 4,991,081,751 representing 63% of the recurrent vote was utilized during the period under review. Six ministries recorded an absorption above 70%. The Ministry of Public Service Management and Devolved Unit recorded the highest overall absorption rate at 86% followed by the Office of the Governor and Deputy Governor, and the Ministry of Water, Environment and Natural Resources at 75% and 73% respectively. The Ministry of Finance and Economic Planning and the County Public Service Board recorded an absorption of 72% each while the Ministry of Health Services recorded an absorption of 71% each. The Office of the County Secretary and the Office of the County Attorney were the lowest spenders of the recurrent budget during the period at an absorption rate of 36% and 26% respectively.

Overall, the recurrent vote performed better than the development vote.

The following factors were responsible for the low absorption rate during the period;

- Delay in budget approval processes
- Slow release of funds from National Treasury
- Delays in approval of request for funds
- Technical and capacity challenges in application of IFMIS
- Network connectivity challenges
- Other expenditure pressures

3.4 Settlement of Pending Bills

At the beginning of FY 2023/24, the County had a stock of pending bills amounting to Kshs.3.10 billion, comprising of Kshs.736.5 million for recurrent expenditure and Kshs.2.36 billion for development activities. In the first nine months of FY 2023/24, the county settled recurrent pending bills attributed to salary arrears of Kshs.654.19 million and Kshs.473.21 million from Development pending bills. As of 31st March 2024, the outstanding amount was Kshs.1.97 billion.

4.0 IMPLEMENTATION CHALLENGES, LESSONS LEARNT AND WAY FORWARD

Mandera County Government experienced several challenges that affected budget implementation during the first nine months of the financial year 2023/2024. These are:

Delay in approval of budget

The County's budget approval process was affected by the Mandera County Assembly Members' decision to suspend their sessions to protest withdrawal of allowances by the Salaries and Remuneration commission and push the national government to address their grievances.

Slow release of funds from National Treasury

The delay in disbursement of funds from the National Treasury was a major hindrance to the implementation of County Programmes This mainly affected implementation of development activities in the reporting period.

Delay in approval of Fund Requests

Delays in the approval of the Fund Request processes were experienced from the Office of the Controller of Budget. This affected timely receipt of our exchequers and smooth undertaking of activities during the period under review.

IFMIS connectivity challenges

Frequent IFMIS breakdowns decelerated the approval of procurement requests and lead to delays in payments to suppliers thus slowing down the County's ability to absorb funds in a timely and effective manner.

Natural Calamities

The calamitous persistent drought and famine, followed by the heavy El-Nino rains experienced in the Country affected smooth execution of the planned programmes in the budget.

Under-performance of own revenue collection

This was due to, amongst other reasons shortage of staff, poor coordination, insecurity, and unavailability of legislations to bolster the creation of new revenue streams. The department of

revenue services which are tasked with local revenue collection and administration was critically understaffed. Insecurity in the region also affected collections of revenues greatly.

High public expectation

Increased awareness of members of the public on their rights through numerous public participation and community engagement programmes has seen an increase in agitation for better service delivery hence creating expectation pressure.

5.0 RECOMMENDATIONS

Mandera County Government has made some significant improvements in addressing some of the majorly challenges previously identified as affecting budget implementation. The following lessons learnt in the prior financial periods shall be replicated in the budget implementations:

- The County Government should liaise and cooperate with the National Government for timely release of funds as per disbursement schedule to foster smooth operations and successful project implementations.
- The County Government should also liaise with the Controller of Budget to avoid limitations in expenditure to ensure proper implementation of planned projects.
- The County should come up with measures to address underperformance in own source revenue collection so as to ensure the approved budget is fully financed. OSR collections efforts can be heightened by putting in place mechanisms like proper enforcements, restructuring of revenue controls, mapping the revenue sources and enactment of relevant legislations.
- Civic education- building the capacities for communities to understand the roles played by both the National and County Government to avoid scenarios where the residents demand the County Government starts planning and financing of functions under the National Government or vice versa.
- Engage the National Government to invest in the security sector to curb attacks from militia groups.
- Departments should capacity build their human capital so as to increase their efficiency and productivity.
- The County should leverage on technology to enhance efficiency. Provision of enough ICT infrastructures is required to enhance the IFMIS network to avoid financial delays.
