Foreword

I am pleased to present the Budget Implementation Report for the fourth quarter of the Financial Year (FY) 2023/2024. The report fulfils the County's obligation under Section 166 of the Public Finance Management Act 2012 to prepare and publish quarterly budget implementation reports. The law stipulate that these reports shall contain both financial and non-financial information.

This is the fourth quarter report in FY 2023/24 and presents information on budget performance by departments from July 2023 to June 2024. Information on budget performance is presented on aggregate and on individual department performance. The report also includes performance trends, which present a useful trajectory of revenue and expenditure performance.

The report provides details about revenue, expenditure and capital projects. Reporting is also done on key targets and indicators from the approved supplementary budget.

The budget implementation was slow but recorded an improved performance from the second quarter of FY 2023/24. Expenditure on both development and recurrent programmes represented 90% of the approved budget.

Several factors contributed to the slow implementation of the County programs; late budget approval, delay in exchequer releases by the National Treasury and IFMIS connectivity challenges. With the above challenges having been addressed, the budget implementation is expected to be smooth in the first quarter of the FY 2024/25.

I urge the departments to move with speed in putting up measures to hasten the implementation of programmes especially for the development projects.

The county treasury urges all its stakeholders to actively scrutinize this report in order to take necessary action towards enhancement of transparency and accountability in the management of public resources as enshrined in the constitution and PFM Act, 2012. This will go a long way in providing feedback towards efficient and effective service delivery and attainment of the County Government's objectives.

1.0 Introduction

This Budget Implementation Report is prepared in conformity with Article 228(6) of the Constitution of Kenya, 2010 and Section 39(8) of the Public Finance Management Act, 2012's requirement that counties report on the implementation progress of their budgets. It covers the period July 2023 to June 2024.

The report presents revenue and expenditure performance by the County Government of Mandera. Revenue is disintegrated by source while expenditure is analyzed by economic classification. It also highlights the County government's activities for the period under review and seeks to objectively review budget implementation in the county by highlighting performance of revenues, transfers received from the National Government and actual expenditure.

Key issues that affect budget implementation during the financial year are identified and appropriate recommendations made on how the issues can be addressed to enhance efficiency and effectiveness in budget execution.

Compiled by the County Treasury after consultation with all the County departments, the report presents the status of budget execution as at 30th June 2024 for internal consumption and performance appraisal purposes. It also offers valuable information to members of the public on budget implementation and the County Assembly, which is bestowed, with the oversight mandate on utilization of public funds.

1.1 Fiscal Outlook

The fiscal assumption underlying the FY 2023/2024 budget is that there would be improved revenue collection from local sources and timely release of funds by the National Treasury.

2.0 Financial Analysis of County Budget Implementation

The County had an approved Supplementary budget of Kshs. 13,000,831,007 which comprised of Kshs. 8,285,923,159 (64%) for recurrent expenditure and Kshs. 4,714,907,848 (36%) allocation for development expenditure.

2.1 Budget Components

In order to finance the budget, the County expected to receive Kshs. 11,633,191,646 (89 percent) as the equitable share of revenue raised nationally, generate Kshs. 330,533,846 (3 percent) from own sources of revenue, receive Kshs. 512,075,587 (4 percent) from various conditional grants, and other revenue (ongoing projects) of Kshs. 525,029,928 (4 percent) from FY 2022/2023.

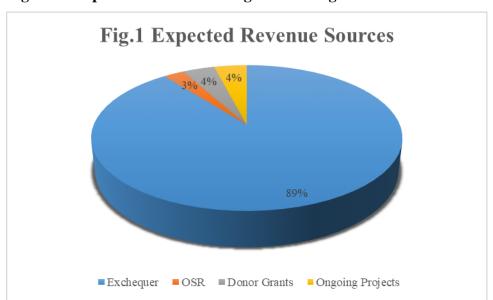

Figure 1: Expected Sources of Budget Financing in FY 2023/2024

Source: County Treasury, Mandera County Government

The major source of revenue for the County was national sharable revenue making up 89%. Other revenue from Financial Year 2022/2023 and Conditional grants each made up 4% of the budget while the County's annual local revenue was expected to finance only 3% of the budget.

The following challenges were encountered in the local revenue collections:

- Insecurity due to terror attacks affected revenue collection activities as it led to closure of quarries and border closures with Somalia and Ethiopia
- Natural calamities. Drought affected collection of livestock and agricultural related revenues. El-Nino destroyed crop produce and farm infrastructures.
- General tough economic conditions.
- Understaffing and insufficient legislation to reinforce establishment and enforcement of new revenue streams.

2.4 Exchequer Issues

The Controller of Budget approved withdrawal of Kshs. 10,702,536,315 from the County Revenue Fund (CRF) account, which was 92% of the approved allocations. This amount represented a decrease from Kshs. 11,190,382,598 received in the FY 2022/2023 and was meant to fund both development and recurrent expenditures.

2.4 Conditional Grants

The County received Kshs. 361,948,592 as Conditional Grants in the reporting period.

3.0 Overall Expenditure Analysis

The overall Mandera County Government's expenditure for the period ending 30th June, 2024 amounted to Kshs. 11,733,655,727 out of which Kshs. 2,947,632,241 was for Operations & Maintenance and Kshs 4,111,115,606 was for Personnel Emoluments. Transfers amounting to Kshs. 2,007,731,334 were made to the County entities. Expenditures amounting to Kshs. 2,667,176,545 were utilized on development programmes.

Fig. Expenditure by Economic Classification ■ Personel Emoluments Operations and Maintenance ■ Transfers to Entities 17% ■ Development

3.1 Expenditure by Economic Classification

Figure 2: Expenditure by Economic Classification

From the analysis of the above figure, expenditures on Personnel Emoluments had the highest utilization at 35% of the total expenditure incurred in the FY 2023/2024 while expenditures on operations and maintenance accounted for 25% of the total expenditure. Expenditure of 23% was incurred on development projects while Transfers to County Entities accounted for 17% of the total overall expenditure.

3.2 Budget and Budget Performance by County Departments

3.2.1 Budget estimates

The County Government's mandate as stipulated by the Constitution of Kenya is discharged by Departments through implementation of projects and programs. These projects and programs are allocated funds through County Budgeting process. In the FY 2023/2024 the County Departments were funded in line with the ceilings captured in the 2023 County Fiscal Strategy Paper drawn to champion key priority programmes highlighted in the third Mandera County Integrated Development Plan (2023-2027).

Table 5 shows the breakdown of county's budget per ministry in FY 2023/2024.

3.2.2.1 Development expenditure performance by departments

In the FY 2023/2024, the County's gross development budget was Kshs. 4,714,907,848. An expenditure of Kshs. 3,915,062,180 representing 83% of the development vote was utilized during the financial year. Eight ministries were able to incur expenditure above 80%. The Ministry of Public Service Management, Devolved Units and Community Cohesion incurred the highest expenditure with an absorption rate of 100% followed by the Ministry of Water, Energy, Environment and Climate Change at an absorption rate of 91%. The Ministry of Lands and Urban Development, the Ministry of Social Development, and the Ministry of Health Services incurred an expenditure of 90%, 86% and 85% respectively. The worst performers were the Ministry of Roads, Transport and Public Works, the Ministry of Agriculture, and the Ministry of Trade and Cooperative Development, which had an expenditure of 69%, 69%, and 33% respectively under the development vote.

The following factors were responsible for low absorption rate;

- Late budget approval
- Delays in approval of request for funds by office of controller of budget
- Late releases of the exchequer by the National Treasury
- IFMIS related challenges
- Late initiation of procurement process and hence late initiation of development projects
- Natural calamities e.g. heavy El-Nino
- General insecurity problems from Al-Shabaab terrorists

The table 7 analyses development expenditure performance by ministries

3.2.2.2 Recurrent expenditure performance by departments

In comparison to the development vote, the County performed well in the execution of the recurrent budget in the FY 2023/2024. The County had a total recurrent budget of Kshs. 7,970,529,324. An expenditure of Kshs. 7,818,093,548 representing 94% of the recurrent vote was utilized during the period under review. Eight ministries recorded an absorption above 95%. The Ministry of Public Service Management and Devolved Unit, the County Public Service Board and Office of the County Secretary recorded the highest overall absorption rate at 100% each followed by the County Assembly at 99%, the Ministry of Education and Human Capital Development and the Ministry of Social Development at 96%. The Ministry of Health Services and the Office of the Governor and Deputy Governor at 95% each. The Office of the County Attorney and the Ministry of Roads, Transport and Public Works were the lowest spenders of the recurrent budget during the period at an absorption rate of 78% and 59% respectively.

Overall, the recurrent vote performed better than the development vote.

The following factors were responsible for the low absorption rate during the period;

- Delay in budget approval processes
- Slow release of funds from National Treasury
- Delays in approval of request for funds
- Technical and capacity challenges in application of IFMIS
- Network connectivity challenges
- Other expenditure pressures

The table 8 analyses recurrent expenditure performance by ministries.

4.0 IMPLEMENTATION CHALLENGES, LESSONS LEARNT AND WAY FORWARD

Mandera County Government experienced several challenges that affected budget implementation

during the financial year 2023/2024. These are:

Delay in approval of budget

The County's budget approval process was affected by the Mandera County Assembly Members'

decision to suspend their sessions to protest withdrawal of allowances by the Salaries and

Remuneration commission and push the national government to address their grievances. The

supplementary budget was also approved late in the month of May 2024, unfavourably affecting

the implementation process.

Slow release of funds from National Treasury

By the end of the fourth quarter of the FY 2023/2024, the County had not received its June 2024

equitable share allocations. The delay in disbursement of funds from the National Treasury was a

major hindrance to the implementation of County Programmes. This mainly affected

implementation of development activities in the reporting period.

Delay in approval of Fund Requests

Delays in the approval of the Fund Request processes were experienced from the Office of the

Controller of Budget. This affected timely receipt of our exchequers and smooth undertaking of

activities during the period under review.

IFMIS connectivity challenges

Frequent IFMIS breakdowns decelerated the approval of procurement requests and lead to delays

in payments to suppliers thus slowing down the County's ability to absorb funds in a timely and

effective manner.

Natural Calamities

The calamitous persistent drought and famine, followed by the heavy El-Nino rains experienced

in the Country affected smooth execution of the planned programmes in the budget.

Under-performance of own revenue collection

This was due to, amongst other reasons shortage of staff, poor coordination, insecurity, and unavailability of legislations to bolster the creation of new revenue streams. The department of revenue services which are tasked with local revenue collection and administration was critically understaffed. Insecurity in the region also affected collections of revenues greatly.

High public expectation

Increased awareness of members of the public on their rights through numerous public participation and community engagement programmes has seen an increase in agitation for better service delivery hence creating expectation pressure.

5.0 RECOMMENDATIONS

Mandera County Government has made some significant improvements in addressing some of the majorly challenges previously identified as affecting budget implementation. The following lessons learnt in the prior financial periods shall be replicated in the budget implementations:

- The County Government should liaise and cooperate with the National Government for timely release of funds as per disbursement schedule to foster smooth operations and successful project implementations.
- The County Government should also liaise with the Controller of Budget to avoid limitations in expenditure to ensure proper implementation of planned projects.
- The County should come up with measures to address underperformance in own source revenue collection so as to ensure the approved budget is fully financed. OSR collections efforts can be heightened by putting in place mechanisms like proper enforcements, restructuring of revenue controls, mapping the revenue sources and enactment of relevant legislations.
- Civic education- building the capacities for communities to understand the roles played by both the National and County Government to avoid scenarios where the residents demand the County Government starts planning and financing of functions under the National Government or vice versa.
- Engage the National Government to invest in the security sector to curb attacks from militia groups.
- Departments should capacity build their human capital so as to increase their efficiency and productivity.
- The County should leverage on technology to enhance efficiency. Provision of enough ICT infrastructures is required to enhance the IFMIS network to avoid financial delays.
